Index to Volume 39

Author Index

ARQUIT, ANNE MICHELLE
Benthic Community Zonation Around Hydrothermal Vents at a Submarine Volcano, (abstract) 379–380

BAILEY-BROCK, JULIE H.
Polychaetes from Fijian Coral Reefs, 195–220
BARNARD, WALTHER M. and JOSEPH B. HALBIG
Rare Earth Elements in Soils from Selected Areas on the Island of Hawaii, 241–260
Total and Nonresidual Concentrations of Selected Elements in Two Soil Series on the Island of Hawaii, 321–337
BENNET, THECLA M.
Palynology of Selected Horizons from the Ewa Coastal Plain, Oahu, Hawaii, (abstract) 380
BERNARD, NANCY D.
see Hallacher, Kho, Bernard, Orcutt, Dudley, and Hammond
BLUM, STANLEY D.
Phylogenetic Relationships Among the Chaetodontidae (Pisces: Perciformes): A Cladistic Interpretation of Osteology, (abstract) 380–381
BRASHEAR, ROBERTA LYNN
Analysis of 1-Canavanine Resistant HeLa Cells, (abstract) 381

CARPENTER, KENT
Paradigm Clash in the Systematic Triumvirate: Classifications of the Caesionidae (Pisces: Lutjanoidea), (abstract) 381–382
CARR, GERALD D.
Additional Chromosome Numbers of Hawaiian Flowering Plants, 302–306
CHAVE, E. H.
see Randall, Lobel, and Chave
CHEN, CHUNG-HUI
see Randall and Chen
CONANT, SHEILA
Recent Observations on the Plants of Nihoa Island, Northwestern Hawaiian Islands, 135–149

DAWSON, E. W., and J. C. YALDWYN
Lithodes nintokuae Sakai: A Deep-water King Crab (Crustacea, Anomura, Lithodidae) Newly Recorded from Hawaii, 16–23
DUDLEY, JR., WALTER C.
see Hallacher, Kho, Bernard, Orcutt, Dudley, and Hammond

FITZHARDINGE, RACHEL
The Effects of Fish Grazing on Juvenile Corals, (abstract) 382–383
FOX, D. D.
see Weisburd, Laws, Fox, and York
FRANCIS, LISBETH
Design of a Small Cantilevered Sheet: The Sail of *Velella velella*, 1–15

GALLIEN, W. BRAD
The Effects of Aggregations on Water Loss from the Limpet *Collisella digitalis*, (abstract) 383–384
GARDNER, DONALD E.
see LaRosa, Smith, and Gardner
GOEKE, GARY D.
Amphipods of the Family Ampeliscidae (Gammaridea) V. *Ampelisca hawaiiensis*, new species, 261–265
GOLDBERG, STEPHEN R. and MARIE C. PIZZORNO
Notes on Spawning of the Fish *Belone stolzmanni* (Belonidae) from Peru, 367–368
GON, O.
Two New Species of the Deep-sea Cardinalfish Genus *Epigonus* (Perciformes, Apogonidae) from the Hawaiian Islands, with a Key to the Hawaiian Species, 221–229

HALBIG, JOSEPH B.
see Barnard and Halbig
HALLACHER, LEON E., ERNEST B. KHO, NANCY D. BERNARD, ANNIE M. ORCUTT, WALTER C. DUDLEY, JR., and THOMAS M. HAMMOND
Distribution of Arsenic in the Sediments and Biota of Hilo Bay, Hawaii, 266–273
HAMMOND, THOMAS M.
see Hallacher, Kho, Bernard, Orcutt, Dudley, and Hammond
HARMAN, ROBERT F.
The Larvae of Ommastrephid Squids from Hawaiian Waters, (abstract) 384
see also Young, Harman, and Mangold
HELMS, LISA
Location of Thyrotropic Activity in the Pituitaries of Two Teleost Fish, (abstract) 385
HODGSON, GREGOR
A New Species of *Montastrea* (Cnidaria, Scleractinia) from the Philippines, 283–290
HOFFMAN, KAREN
Daytime Changes in Ovarian Factors of the Saddleback Wrasse, *Thalassoma duperrey*, (abstract) 385–386

KELLEY, CHRISTOPHER D.
Cytochemical Evidence for the Involvement of Cortical Alveoli During Preovulatory Hydration of Oocytes in a Teleost Fish, (abstract) 387
KHO, ERNEST B.
see Hallacher, Kho, Bernard, Orcutt, Dudley, and Hammond
KOBAYASHI, DONALD R.
Social Organization of the Eastern Pacific Spotted

Sharpnose Puffer, *Canthigaster punctatissima* (Tetraodontidae), (abstract) 388
KOMATSU, MIEKO and SATOSHI NOJIMA
Development of the Seastar, *Astropecten gisselbrechti* Doderlein, 274–282

LAROSA, ANNE M., CLIFFORD W. SMITH, and DONALD E. GARDNER
Role of Alien and Native Birds in the Dissemination of Firetree (*Myrica faya* Ait.—Myricaceae) and Associated Plants in Hawaii, 372–378
LAROSA, ANNE MARIE
Note on the Identity of the Introduced Passionflower Vine "Banana Poka" in Hawaii, 369–371
LAU, COLIN J.
Dietary Habits of Two Hawaiian Slipper Lobsters, (abstract) 388–389
LAWS, E. A.
see Weisburd, Laws, Fox, and York
LEE, HING-CHUNG
Protective Action of Calcium Entry Blockers in Endotoxin Shock, (abstract) 389
LI, DANETT D.
Behavioral Factors Affecting the Growth Rate of *Macrobrachium rosenbergii*, (abstract) 390
LOBEL, PHILLIP S.
see Randall, Lobel, and Chave

MANGOLD, KATHERINA M.
see Young, Harman, and Mangold
MAYBAUM, HILARY LYNN
The Influx of the Amazon River into the Caribbean Sea, (abstract) 390
MCDERMID, KARLA J.
An Intertidal Algal Community Mosaic: Pattern and Permutation, (abstract) 391
MCDOUGALL, IAN
Age and Evolution of the Volcanoes of Tutuila, American Samoa, 311–320
MCMILLAN, MISCHELLE and SAMUEL R. RUSHFORTH
The Diatom Flora of a Steam Vent of Kilauea Crater, Island of Hawaii, 294–301
MERLIN, MARK D.
Woody Vegetation in the Upland Region of Rarotonga, Cook Islands, 81–99
MILLER, STEPHEN E.
Photic Responses of the Larvae of *Phestilla sibogae* (Ophisthobranchia: Nudibranchia), (abstract) 391–392
MUELLER-DOMBOIS, DIETER
'Ohi' a Dieback in Hawaii: 1984 Synthesis and Evaluation, 150–170

NEWFELD, STUART
Genetic Variation in Human Aldehyde Dehydrogenase, (abstract) 392
NOJIMA, SATOSHI
see Komatsu and Nojima

OBERDORFER, JUNE A.
see Peterson and Oberdorfer
ORCUTT, ANNIE M.
see Hallacher, Kho, Bernard, Orcutt, Dudley, and Hammond

PERRY, MATTHEW H.
Photosynthetic Light Acclimation to Light Quality and Quantity in *Leucaena leucocephala*, (abstract) 393
PETERSON, FRANK L. and JUNE A. OBERDORFER
Uses and Abuses of Wastewater Injection Wells in Hawaii, 230–240
PIZZORNO, MARIE C.
see Goldberg and Pizzorno

RANDALL, JOHN E. and CHUNG-HUI CHEN
First Record of the Labrid Fish *Bodianus cylindriatus* (Tanaka) from the Hawaiian Islands, 291–293
RANDALL, JOHN E., PHILLIP S. LOBEL, and E. H. CHAVE
Annotated Checklist of the Fishes of Johnston Island, 24–80
RINGWOOD, AMY HUFFMAN
The Effects of Cadmium on Growth and Development of Larval Bivalves, (abstract) 393–394
ROBICHAUX, ROBERT H.
Tissue Elastic Properties of a Mesic Forest Hawaiian *Dubautia* Species with 13 Pairs of Chromosomes, 191–194
RODGERS, K. A.
An Annotated Bibliography of the Natural History of Tuvalu (Ellice Islands), 100–130
RUSHFORTH, SAMUEL R.
see McMillan and Rushforth

SMALLEY, THOMAS L.
The Population Structure of a Tropical Mytilid in Two Different Intertidal Environments, (abstract) 394–395
SMITH, CAROL JOHNSON
Intracellular Changes in Parrotfish Thyroid After *in vitro* Bovine Thyrotropin Stimulation, (abstract) 395
SMITH, CLIFFORD W.
see LaRosa, Smith, and Gardner
ST. JOHN, HAROLD
Monograph of the Hawaiian Species of *Pleomele* (Liliaceae): Hawaiian Plant Studies 103, 171–190
STONER, DOUGLAS S.
Distribution of the Symbiotic, Colonial Ascidian *Diplosoma similis*: Limitations Imposed by Light Intensity, (abstract) 396

TRICAS, TIMOTHY C.
Food and Competitors as Determinants of Feeding-Territory Size in Coral-Feeding Butterflyfishes: An Experimental Analysis, (abstract) 396–397

WEISBURD, RICHARD S. J., E. A. LAWS, D. D. FOX, and R. H. YORK
Effects of Silver Carp on Water Quality and Prawn Production in Prawn Ponds, (abstract) 386
WELLS, JOHN W.
Notes on Indo-Pacific Scleractinian Corals. Part 11. A New Species of Acropora from Australia, 338–339

YALDWYN, J. C.
see Dawson and Yaldwyn
YORK, R. H.
see Weisburd, Laws, Fox, and York
YOUNG, RICHARD EDWARD, ROBERT F. HARMAN, and KATHERINA M. MANGOLD
The Common Occurrence of Oegopsid Squid Eggs in Near-surface Oceanic Waters, 359–366
YUN (KIM), INSUN
Comparative Anatomy of Some Parents and Hybrids in the Hawaiian Silversword Complex, (abstract) 397

ZMARZLY, D. L.
Shallow-water Crinoid Fauna of Kwajalein Atoll, Marshall Islands: Ecological Observations, Interatoll Comparisions, and Zoogeographic Affinities, 340–358

Subject Index*

Acropora cardenae, sp. nov., 338–339
Aldehyde dehydrogenase, genetic variation in human, (abstract) 392
Amazon River
  influx of the Amazon River into the Caribbean Sea, (abstract) 390
American Samoa
  see Samoa, American
Ampelisca hawaiiensis, sp. nov., 261–265
Angiospermae
  see Magnoliopsida
Anthozoa
  effects of fish grazing on juvenile corals, (abstract) 382–383
  food and competitors as determinants of feeding-territory size in coral-feeding butterflyfishes: an experimental analysis, (abstract) 396–397
  new species of *Montastrea* (Cnidaria, Scleractinia) from the Philippines, 283–290
  notes on Indo-Pacific scleractinian corals. Part 11. A new species of Acropora from Australia, 338–339
Aquaculture
  effects of silver carp on water quality and prawn production in prawn ponds, (abstract) 386
Aquifer clogging
  uses and abuses of wastewater injection wells in Hawaii, 230–240
Arsenic in the sediments and biota of Hilo Bay, Hawaii, distribution of, 266–273
Australia
  notes on Indo-Pacific scleractinian corals. Part 11. A new species of Acropora from Australia, 338–339
Aves
  role of alien and native birds in the dissemination of firetree (*Myrica faya* Ait.—Myricaceae) and associated plants in Hawaii, 372–378

Bacillariophyceae
  diatom flora of a steam vent of Kilauea Crater, Island of Hawaii, 294–301
Behavioral factors affecting the growth rate of *Macrobrachium rosenbergii*, (abstract) 390
Benthic community zonation around hydrothermal vents at a submarine volcano, (abstract) 379–380
Bibliography of the natural history of Tuvalu (Ellice Islands), annotated, 100–130
Biota of Hilo Bay, Hawaii, distribution of arsenic in the sediments and, 266–273
Bivalvia
  effects of cadmium on growth and development of larval bivalves, (abstract) 393–394
  population structure of a tropical mytilid in two different intertidal environments, (abstract) 394–395

Cadmium on growth and development of larval bivalves, effects of (abstract) 393–394
Calcium entry blockers in endotoxin shock, protective action of, (abstract) 389
Canopy dieback
  'ohi' a dieback in Hawaii: 1984 synthesis and evaluation, 150–170
Carribean Sea
  influx of the Amazon River into the Caribbean Sea, (abstract) 390
Cells, analysis of 1-canavanine resistant HeLa, (abstract) 381
Cephalopoda
  common occurrence of oegopsid squid eggs in near-surface oceanic waters, 359–366
  larvae of ommastrephid squids from Hawaiian waters, (abstract) 384
Checklist of the fishes of Johnston Island, annotated, 24–80
Chlorophyceae
  intertidal algal community mosiac: pattern and permutation, (abstract) 391
  recent observations on the plants of Nihoa Island, Northwestern Hawaiian Islands, 135–149
Chromosome numbers of Hawaiian flowering plants, additional, 302–306
Chromosomes, tissue elastic properties of a mesic forest Hawaiian *Dubautia* species with 13 pairs of, 191–194
Cladistic interpretation of osteology, phylogenetic relationships among the Chaetodontidae (Pisces: Perciformes): (abstract) 380–381
Classifications of the Caesionidae (Pisces: Lutjanoidea), paradigm clash in the systematic triumvirate: (abstract) 381–382
Cook Islands
  woody vegetation in the upland region of Rarotonga, Cook Islands, 81–99
Coral-feeding butterflyfishes: an experimental analysis, food and competitors as determinants of feeding-territory size in, (abstract) 396–397
Coral reefs, polychaetes from Fijian, 195–220
Crinoidea
  shallow-water crinoid fauna of Kwajalein Atoll. Marshall Islands: ecological observations, interatoll comparisions, and zoogeographic affinities, 340–358
Crustacea
  amphipods of the Family Ampeliscidae (Gammaridea) V. *Ampelisca hawaiiensis*, new species, 261–265
  behavioral factors affecting the growth rate of *Macrobrachium rosenbergii*, (abstract) 390
  dietary habits of two Hawaiian slipper lobsters, (abstract) 388–389
  effects of silver carp on water quality and prawn production in prawn ponds, (abstract) 386
  Lithodes nintokuae Sakai: a deep-water king crab (Crustacea, Anomura, Lithodidae) newly recorded from Hawaii, 16–23
Cyanophyceae
  recent observations on the plants of Nihoa Island, Northwestern Hawaiian Islands, 135–149

* Biological organisms are indexed under their respective classes.

Dieback in Hawaii: 1984 synthesis and evaluation, 'ohi'a, 150–170
Dietary habits of two Hawaiian slipper lobsters, (abstract) 388–389

Eastern Pacific
social organization of the Eastern Pacific spotted sharpnose puffer, *Canthigaster punctatissima* (Tetradontidae), (abstract) 388
Eggs in near-surface oceanic waters, common occurrence of oegopsid squid 359–366
Ellice Islands
see Tuvalu
Endotoxin shock, protective action of calcium entry blockers in, (abstract) 389
Epigonus glossodontus, sp. nov., 221–229
Epigonus devaneyi, sp. nov., 221–229
Ewa Coastal Plain
see Hawaiian Islands

Feeding-territory size in coral-feeding butterflyfishes: an experimental analysis, food and competitors as determinants of, (abstract) 396–397
Fiji
polychaetes from Fijian coral reefs, 195–220
Filiopsida
recent observations on the plants of Nihoa Island, Northwestern Hawaiian Islands, 135–149

Gastropoda
effects of aggregations on water loss from the limpet *Collisella digitalis*, (abstract) 383–384
photic responses of the larvae of *Phestilla sibogae* (Opisthobranchia: Nudibranchia), (abstract) 391–392
Genetic variation in human aldehyde dehydrogenase, (abstract) 392
Growth rate of *Macrobrachium rosenbergii*, behavioral factors affecting the, (abstract) 390

Hawaii (island)
see Hawaiian Islands
Hawaiian Islands
additional chromosome numbers of Hawaiian flowering plants, 302–306
amphipods of the Family Ampeliscidae (Gammaridea) V. *Ampelisca hawaiiensis*, new species, 261–265
common occurrence of oegopsid squid eggs in near-surface oceanic waters, 359–366
comparative anatomy of some parents and hybrids in the Hawaiian silversword complex, (abstract) 397
daytime changes in ovarian factors of the saddleback wrasse, *Thalassoma duperrey*, (abstract) 385–386
diatom flora of a steam vent of Kilauea Crater, Island of Hawaii, 294–301
dietary habits of two Hawaiian slipper lobsters, (abstract) 388–389
distribution of arsenic in the sediments and biota of Hilo Bay, Hawaii, 266–273
effects of fish grazing on juvenile corals, (abstract) 382–383
effects of silver carp on water quality and prawn production in prawn ponds, (abstract) 386
first record of the labrid fish *Bodianus cylindriatus* (Tanaka) from the Hawaiian Islands, 291–293
intertidal algal community mosiac: pattern and permutation, (abstract) 391
larvae of ommastrephid squids from Hawaiian waters, (abstract) 384
Lithodes nintokuae Sakai: a deep-water king crab (Crustacea, Anomura, Lithodidae) newly recorded from Hawaii, 16–23
monograph of the Hawaiian species of *Pleomele* (Liliaceae): Hawaiian Plant Studies 103, 171–190
note on the identity of the introduced passionflower vine "banana poka" in Hawaii, 369–371
'ohi'a dieback in Hawaii: 1984 synthesis and evaluation, 150–170
palynology of selected horizons from the Ewa Coastal Plain, Oahu, Hawaii, (abstract) 380
population structure of a tropical mytilid in two different intertidal environments, (abstract) 394–395
rare earth elements in soils from selected areas on the island of Hawaii, 241–260
recent observations on the plants of Nihoa Island, Northwestern Hawaiian Islands, 135–149
role of alien and native birds in the dissemination of firetree (*Myrica faya* Ait.—Myricaceae) and associated plants in Hawaii, 372–378
tissue elastic properties of a mesic forest Hawaiian *Dubautia* species with 13 pairs of chromosomes, 191–194
total and nonresidual concentrations of selected elements in two soil series on the island of Hawaii, 321–337
two new species of the deep-sea cardinalfish genus *Epigonus* (Perciformes, Apogonidae) from the Hawaiian Islands, with a key to the Hawaiian species, 221–229
uses and abuses of wastewater injection wells in Hawaii, 230–240
Hawaiian Ridge
see Hawaiian Islands
Hilo Bay
see Hawaiian Islands
Hydrozoa
design of a small cantilevered sheet: the sail of *Velella velella*, 1–15

Indo-Pacific
notes on Indo-Pacific scleractinian corals. Part 11. A new species of Acropora from Australia, 338–339
Injection wells in Hawaii, uses and abuses of wastewater, 230–240
Interatoll comparisions, and zoogeographic affinities, shallow-water crinoid fauna of Kwajalein Atoll, Marshall Islands: ecological observations, 340–358
Intertidal algal community mosiac: pattern and permutation, (abstract) 391
Intertidal environments, population structure of a tropical mytilid in two different, (abstract) 394–395

Johnston Island
annotated checklist of the fishes of Johnston Island, 24–80

Juan de Fuca Rift
benthic community zonation around hydrothermal vents at a submarine volcano, (abstract) 379–380

Kauai
see Hawaiian islands
Key
monograph of the Hawaiian species of *Pleomele* (Liliaceae): Hawaiian Plant Studies 103, 171–190
shallow-water crinoid fauna of Kwajalein Atoll, Marshall Islands: ecological observations, interatoll comparisions, and zoogeographic affinities, 340–358
two new species of the deep-sea cardinalfish genus *Epigonus* (Perciformes, Apogonidae) from the Hawaiian Islands, with a key to the Hawaiian species, 221–229
Kilauea Crater
see Hawaiian Islands
Kwajalein Atoll
see Marshall Islands

Lanai
see Hawaiian islands
Lichenes
recent observations on the plants of Nihoa Island, Northwestern Hawaiian Islands, 135–149
Light intensity, distribution of the symbiotic, colonial ascidian *Diplosoma similis*: limitations imposed by, (abstract) 396
Light quality and quantity in *Leucaena leucocephala*, photosynthetic light acclimation to, (abstract) 393
Liliaceae
see Liliopsida
Liliopsida
monograph of the Hawaiian species of *Pleomele* (Liliaceae): Hawaiian Plant Studies 103, 171–190
recent observations on the plants of Nihoa Island, Northwestern Hawaiian Islands, 135–149
woody vegetation in the upland region of Rarotonga, Cook Islands, 81–99

Magnoliopsida
additional chromosome numbers of Hawaiian flowering plants, 302–306
comparative anatomy of some parents and hybrids in the Hawaiian silversword complex, (abstract) 397
note on the identity of the introduced passionflower vine "banana poka" in Hawaii, 369–371
'ohi' a dieback in Hawaii: 1984 synthesis and evaluation, 150–170
photosynthetic light acclimation to light quality and quantity in *Leucaena leucocephala*, (abstract) 393
recent observations on the plants of Nihoa Island, Northwestern Hawaiian Islands, 135–149
role of alien and native birds in the dissemination of firetree (*Myrica faya* Ait.—Myricaceae) and associated plants in Hawaii, 372–378
tissue elastic properties of a mesic forest Hawaiian *Dubautia* species with 13 pairs of chromosomes, 191–194
woody vegetation in the upland region of Rarotonga, Cook Islands, 81–99
Marshall Islands
shallow-water crinoid fauna of Kwajalein Atoll, Marshall Islands: ecological observations, interatoll comparisions, and zoogeographic affinities, 340–358
Maui
see Hawaiian islands
Mesic forest Hawaiian *Dubautia* species with 13 pairs of chromosomes, tissue elastic properties of a, 191–194
Molokai
see Hawaiian islands
Montastrea multipunctata, sp. nov., 283–290

Natural history of Tuvalu (Ellice Islands), annotated bibliography of the, 100–130
New Record
annotated checklist of the fishes of Johnston Island, 24–80
diatom flora of a steam vent of Kilauea Crater, Island of Hawaii, 294–301
first record of the labrid fish *Bodianus cylindriatus* (Tanaka) from the Hawaiian Islands, 291–293
Lithodes nintokuae Sakai: a deep-water king crab (Crustacea, Anomura, Lithodidae) newly recorded from Hawaii, 16–23
polychaetes from Fijian coral reefs, 195–220
shallow-water crinoid fauna of Kwajalein Atoll, Marshall Islands: ecological observations, interatoll comparisions, and zoogeographic affinities, 340–358
New Species
amphipods of the Family Ampeliscidae (Gammaridea) V. *Ampelisca hawaiiensis*, new species, 261–265
monograph of the Hawaiian species of *Pleomele* (Liliaceae): Hawaiian Plant Studies 103, 171–190
new species of *Montastrea* (Cnidaria, Scleractinia) from the Philippines, 283–290
notes on Indo-Pacific scleractinian corals. Part 11. A new species of Acropora from Australia, 338–339
two new species of the deep-sea cardinalfish genus *Epigonus* (Perciformes, Apogonidae) from the Hawaiian Islands, with a key to the Hawaiian species, 221–229
Nihoa Island
see Hawaiian islands
North-West Pacific
benthic community zonation around hydrothermal vents at a submarine volcano, (abstract) 379–380
Northwestern Hawaiian Islands
see Hawaiian Islands

Oahu
see Hawaiian Islands
'Ohi' a dieback in Hawaii: 1984 synthesis and evaluation, 150–170
Oocytes in a teleost fish, cytochemical evidence for the involvement of cortical alveoli during preovulatory hydration of (abstract) 387
Osteology, phylogenetic relationships among the Chaetodontidae (Pisces: Perciformes): a cladistic interpretation of, (abstract) 380–381

Ovarian factors of the saddleback wrasse, *Thalassoma duperrey*, daytime changes in (abstract) 385–386

Palynology of selected horizons from the Ewa Coastal Plain, Oahu, Hawaii, (abstract) 380
Peru
  notes on spawning of the fish *Belone stolzmanni* (Belonidae) from Peru, 367–368
Philippines
  new species of *Montastrea* (Cnidaria, Scleractinia) from the Philippines, 283–290
Photic responses of the larvae of *Phestilla sibogae* (Opisthobranchia: Nudibranchia), (abstract) 391–392
Photosynthetic light acclimation to light quality and quantity in *Leucaena leucocephala*, (abstract) 393
Phylogenetic relationships among the Chaetodontidae (Pisces: Perciformes): a cladistic interpretation of osteology, (abstract) 380–381
Pisces
  annotated checklist of the fishes of Johnston Island, 24–80
  cytochemical evidence for the involvement of cortical alveoli during preovulatory hydration of oocytes in a teleost fish, (abstract) 387
  daytime changes in ovarian factors of the saddleback wrasse, *Thalassoma duperrey*, (abstract) 385–386
  effects of fish grazing on juvenile corals, (abstract) 382–383
  effects of silver carp on water quality and prawn production in prawn ponds, (abstract) 386
  first record of the labrid fish *Bodianus cylindriatus* (Tanaka) from the Hawaiian Islands, 291–293
  food and competitors as determinants of feeding-territory size in coral-feeding butterflyfishes: an experimental analysis, (abstract) 396–397
  intracellular changes in parrotfish thyroid after *in vitro* bovine thyrotropin stimulation, (abstract) 395
  location of thyrotropic activity in the pituitaries of two teleost fish, (abstract) 385
  notes on spawning of the fish *Belone stolzmanni* (Belonidae) from Peru, 367–368
  paradigm clash in the systematic triumvirate: classifications of the Caesionidae (Pisces: Lutjanoidea), (abstract) 381–382
  phylogenetic relationships among the Chaetodontidae (Pisces: Perciformes): a cladistic interpretation of osteology, (abstract) 380–381
  social organization of the Eastern Pacific spotted sharpnose puffer, *Canthigaster punctatissima* (Tetradontidae), (abstract) 388
  two new species of the deep-sea cardinalfish genus *Epigonus* (Perciformes, Apogonidae) from the Hawaiian Islands, with a key to the Hawaiian species, 221–229
Pituitaries of two teleost fish, location of thyrotropic activity in the, (abstract) 385
Pleomele auwahiensis, sp. nov., 171–190
Pleomele Halaapepe, sp. nov., 171–190
Pleomele kaupulehuensis, sp. nov., 171–190
Pleomele konaensis, sp. nov., 171–190
Pleomele Rockii, sp. nov., 171–190
Polychaeta
  polychaetes from Fijian coral reefs, 195–220
Population structure of a tropical mytilid in two different intertidal environments, (abstract) 394–395

Rare earth elements in soils from selected areas on the island of Hawaii, 241–260
Rarotonga
  see Cook Islands

Samoa, American
  age and evolution of the volcanoes of Tutuila, American Samoa, 311–320
Sediments and biota of Hilo Bay, Hawaii, distribution of arsenic in the, 266–273
Social organization of the Eastern Pacific spotted sharpnose puffer, *Canthigaster punctatissima* (Tetradontidae), (abstract) 388
Soil series on the island of Hawaii, total and nonresidual concentrations of selected elements in two, 321–337
Soils from selected areas on the island of Hawaii, rare earth elements in, 241–260
Spawning of the fish *Belone stolzmanni* (Belonidae) from Peru, notes on, 367–368
Steam vent of Kilauea Crater, Island of Hawaii, diatom flora of a, 294–301
Stelleriodea
  development of the seastar, *Astropecten gisselbrechti* Doderlein, 274–282

Tester Memorial Symposium, Tenth Annual Albert L., 11–12 April 1985, abstracts of papers, 379–397
  analysis of 1-canavanine resistant HeLa cells, 381
  behavioral factors affecting the growth rate of *Macrobrachium rosenbergii*, 390
  benthic community zonation around hydrothermal vents at a submarine volcano, 379–380
  comparative anatomy of some parents and hybrids in the Hawaiian silversword complex, 397
  cytochemical evidence for the involvement of cortical alveoli during preovulatory hydration of oocytes in a teleost fish, 387
  daytime changes in ovarian factors of the saddleback wrasse, *Thalassoma duperrey*, 385–386
  dietary habits of two Hawaiian slipper lobsters, 388–389
  distribution of the symbiotic, colonial ascidian *Diplosoma similis*: limitations imposed by light intensity, 396
  effects of aggregations on water loss from the limpet *Collisella digitalis*, 383–384
  effects of cadmium on growth and development of larval bivalves, 393–394
  effects of fish grazing on juvenile corals, 382–383
  effects of silver carp on water quality and prawn production in prawn ponds, 386
  food and competitors as determinants of feeding-territory size in coral-feeding butterflyfishes: an experimental analysis, 396–397
  genetic variation in human aldehyde dehydrogenase, 392
  influx of the Amazon River into the Caribbean Sea, 390

intertidal algal community mosiac: pattern and permutation, 391
intracellular changes in parrotfish thyroid after *in vitro* bovine thyrotropin stimulation, 395
larvae of ommastrephid squids from Hawaiian waters, 384
location of thyrotropic activity in the pituitaries of two teleost fish, 385
palynology of selected horizons from the Ewa Coastal Plain, Oahu, Hawaii, 380
paradigm clash in the systematic triumvirate: classifications of the Caesionidae (Pisces: Lutjanoidea), 381–382
photic responses of the larvae of *Phestilla sibogae* (Opisthobranchia: Nudibranchia), 391–392
photosynthetic light acclimation to light quality and quantity in *Leucaena leucocephala*, 393
phylogenetic relationships among the Chaetodontidae (Pisces: Perciformes): a cladistic interpretation of osteology, 380–381
population structure of a tropical mytilid in two different intertidal environments, 394–395
protective action of calcium entry blockers in endotoxin shock, 389
social organization of the Eastern Pacific spotted sharpnose puffer, *Canthigaster punctatissima* (Tetradontidae), 388
Thyroid after *in vitro* bovine thyrotropin stimulation, intracellular changes in parrotfish, (abstract) 395
Thyrotropic activity in the pituitaries of two teleost fish, location of, (abstract) 385
Tissue elastic properties of a mesic forest Hawaiian *Dubautia* species with 13 pairs of chromosomes, 191–194
Tunicata
  distribution of the symbiotic, colonial ascidian *Diplosoma similis*: limitations imposed by light intensity, (abstract) 396
Tutuila
  see Samoa, American
Tuvalu
  annotated bibliography of the natural history of Tuvalu (Ellice Islands), 100–130

Viti Levu
  see Fiji
Volcano, benthic community zonation around hydrothermal vents at a submarine, (abstract) 379–380
Volcanoes of Tutuila, American Samoa, age and evolution of the, 311–320

Wastewater injection wells in Hawaii, uses and abuses of, 230–240
Wells in Hawaii, uses and abuses of wastewater injection, 230–240
